Discover the Power of PawMe's Core Features

PawMe isn't just a robot; it's a smart guardian for your pet. Built with pet lovers in mind, it adapts to your pet's needs while giving you peace of mind.

Real-time video monitoring
Temperature sensor
Skin monitoring
Training & Anxiety relaxation

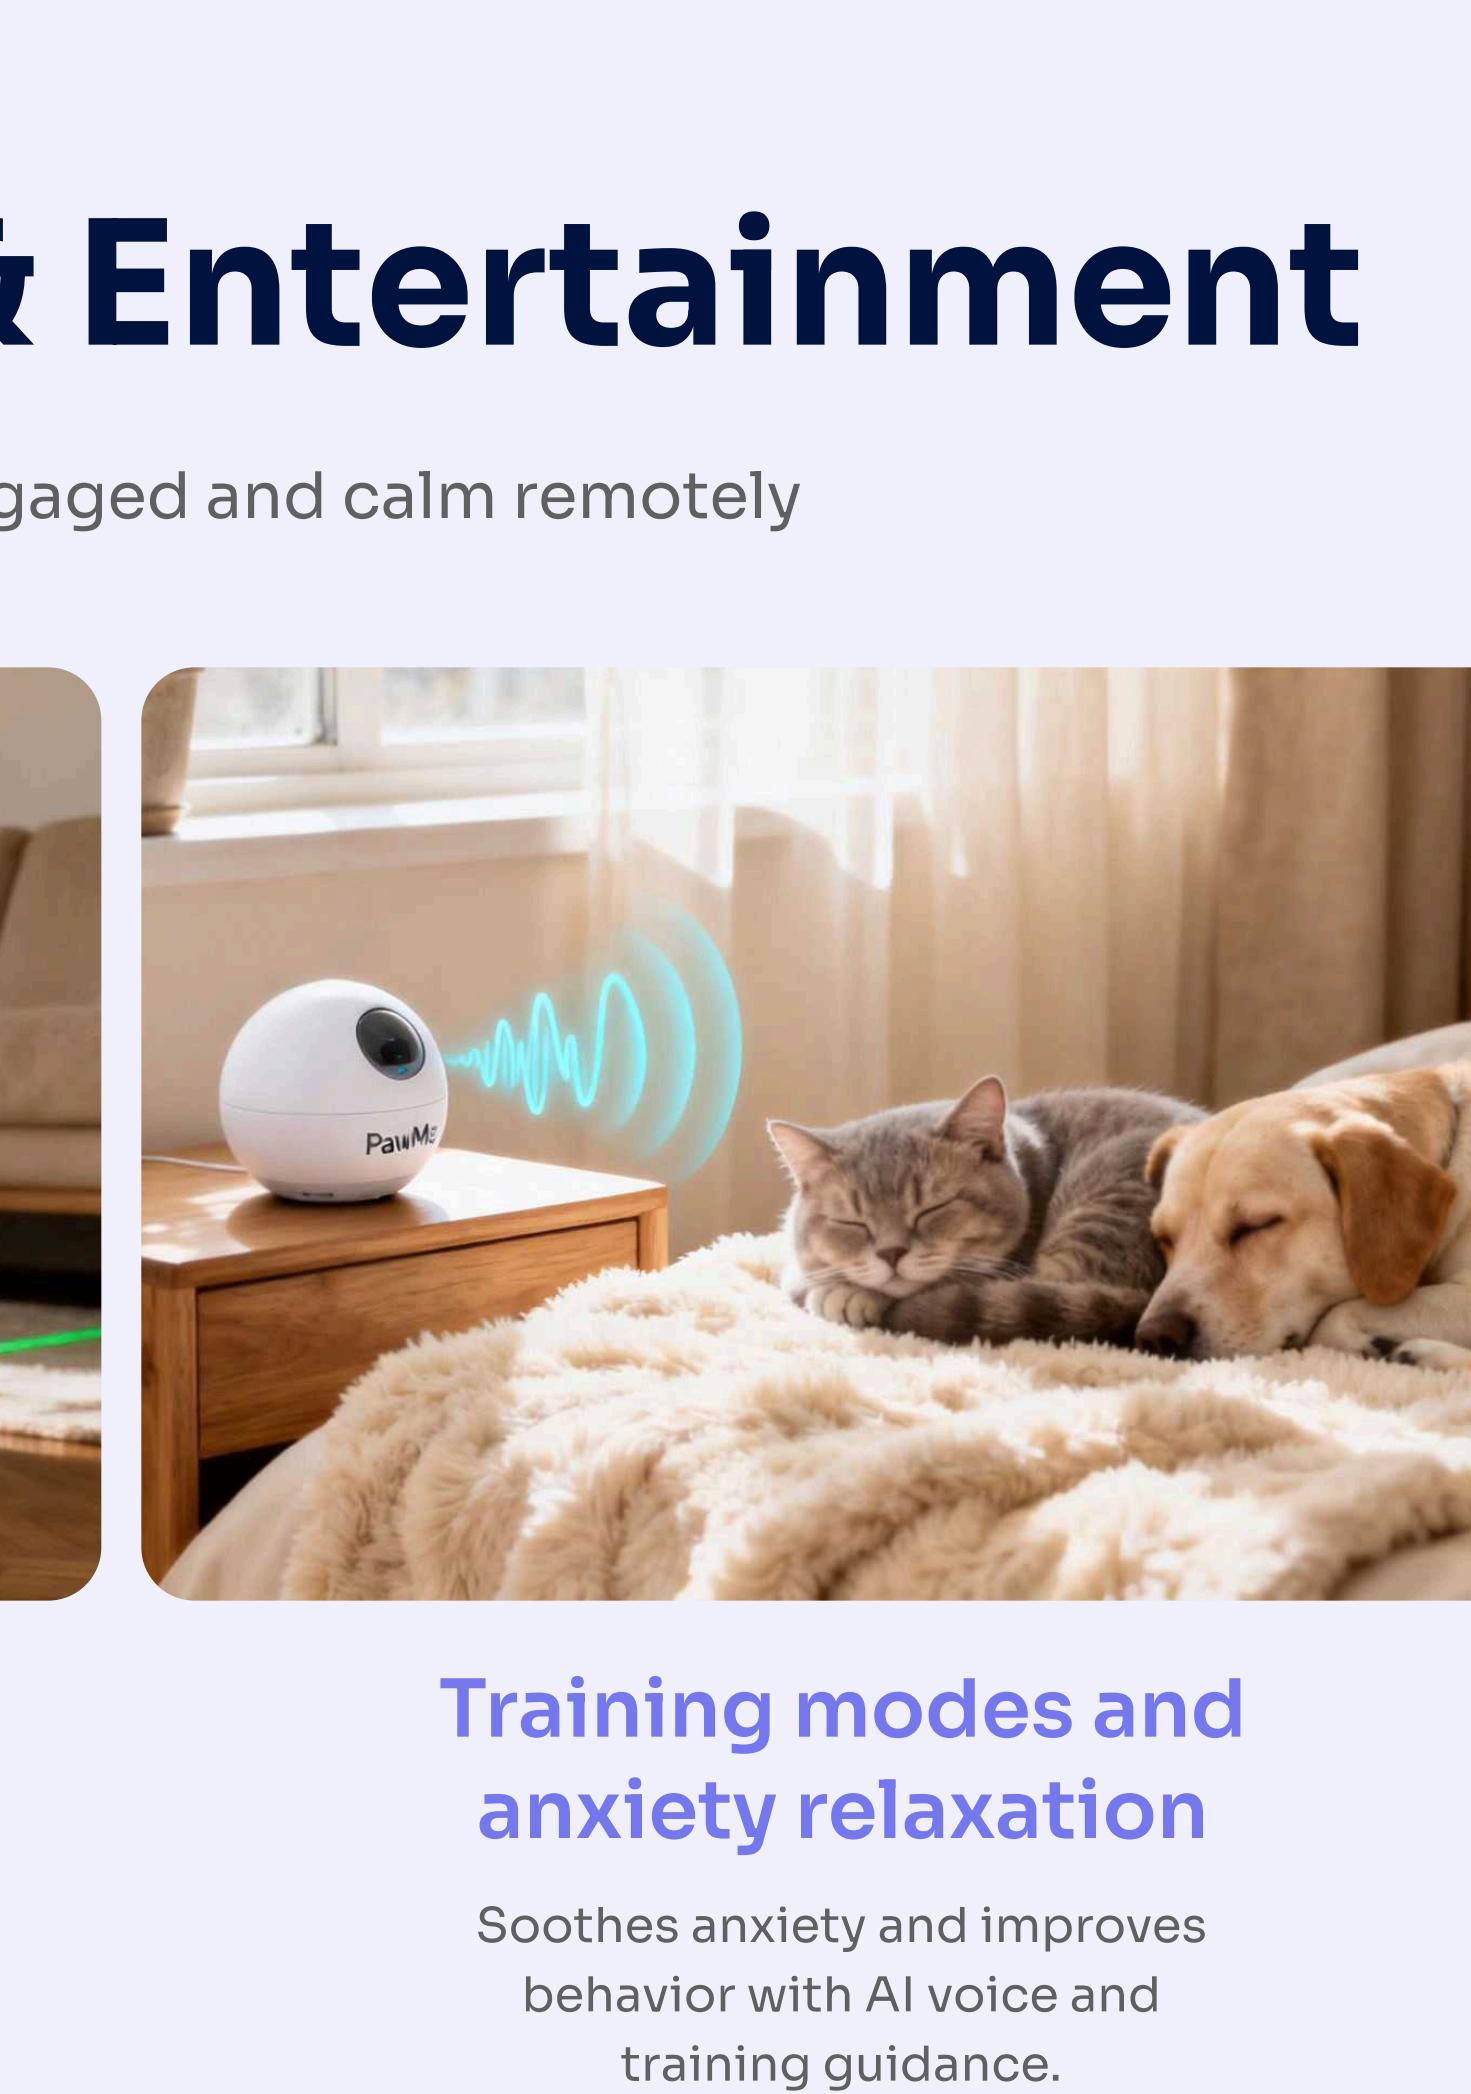

Distance sensor
Follow-me but quietly
Two audio-video link via app
Automatic treat dispensing

Health Monitoring

Stay ahead of health issues with proactive sensors

Temperature sensor and fever detection

Continuously monitors temperature to detect fevers early and enable timely intervention.

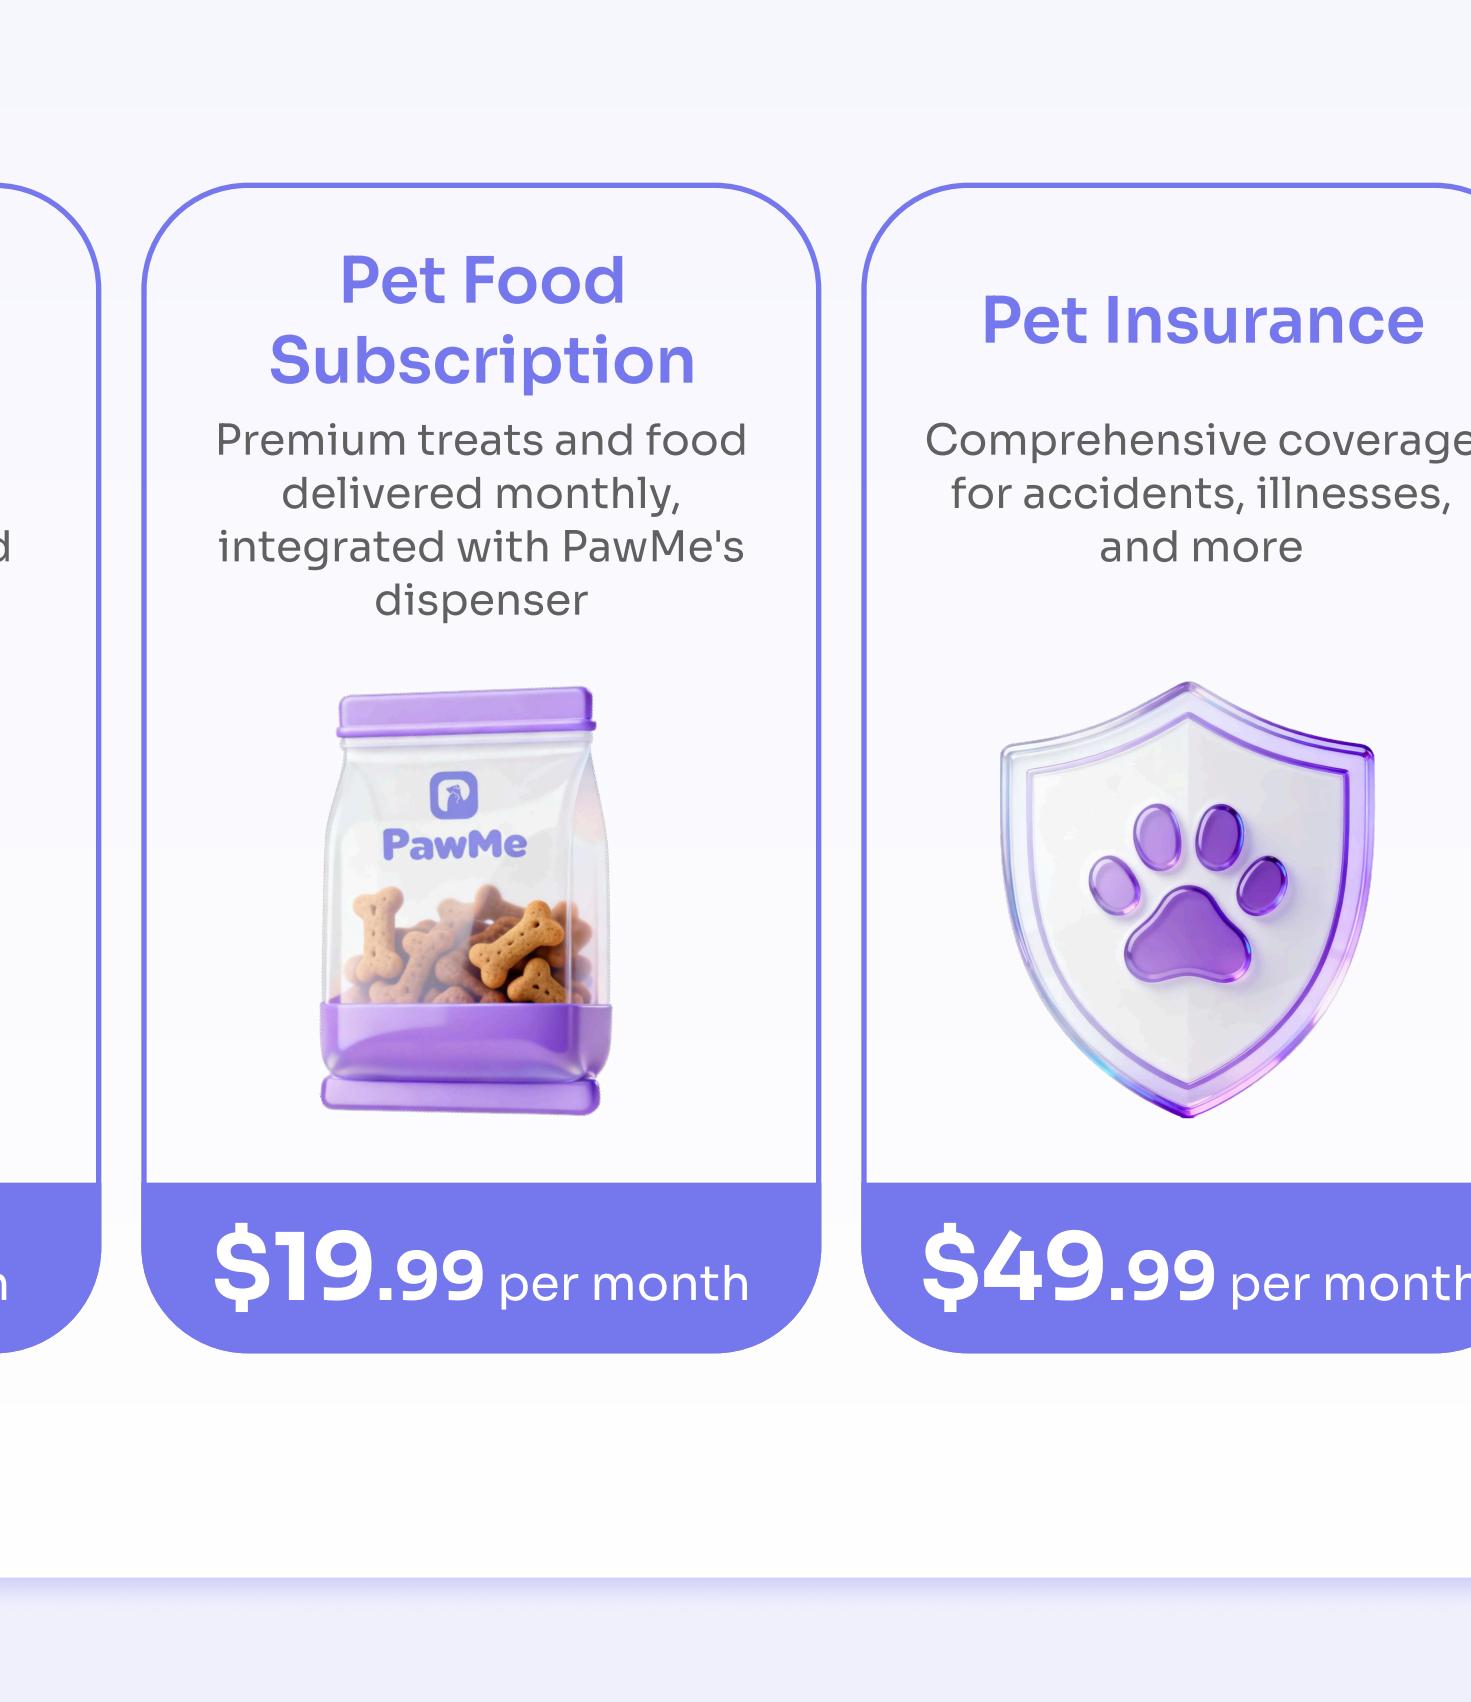

Overall health tracking

Tracks vital signs and activity for early issue detection and informed care.

Skin monitoring and analysis

Detects irritations, allergies, or infections promptly to keep skin healthy.

Real-Time Video Monitoring

Watch your pet from anywhere via the FPV camera live streams right on your phone.

Integrated feeding station

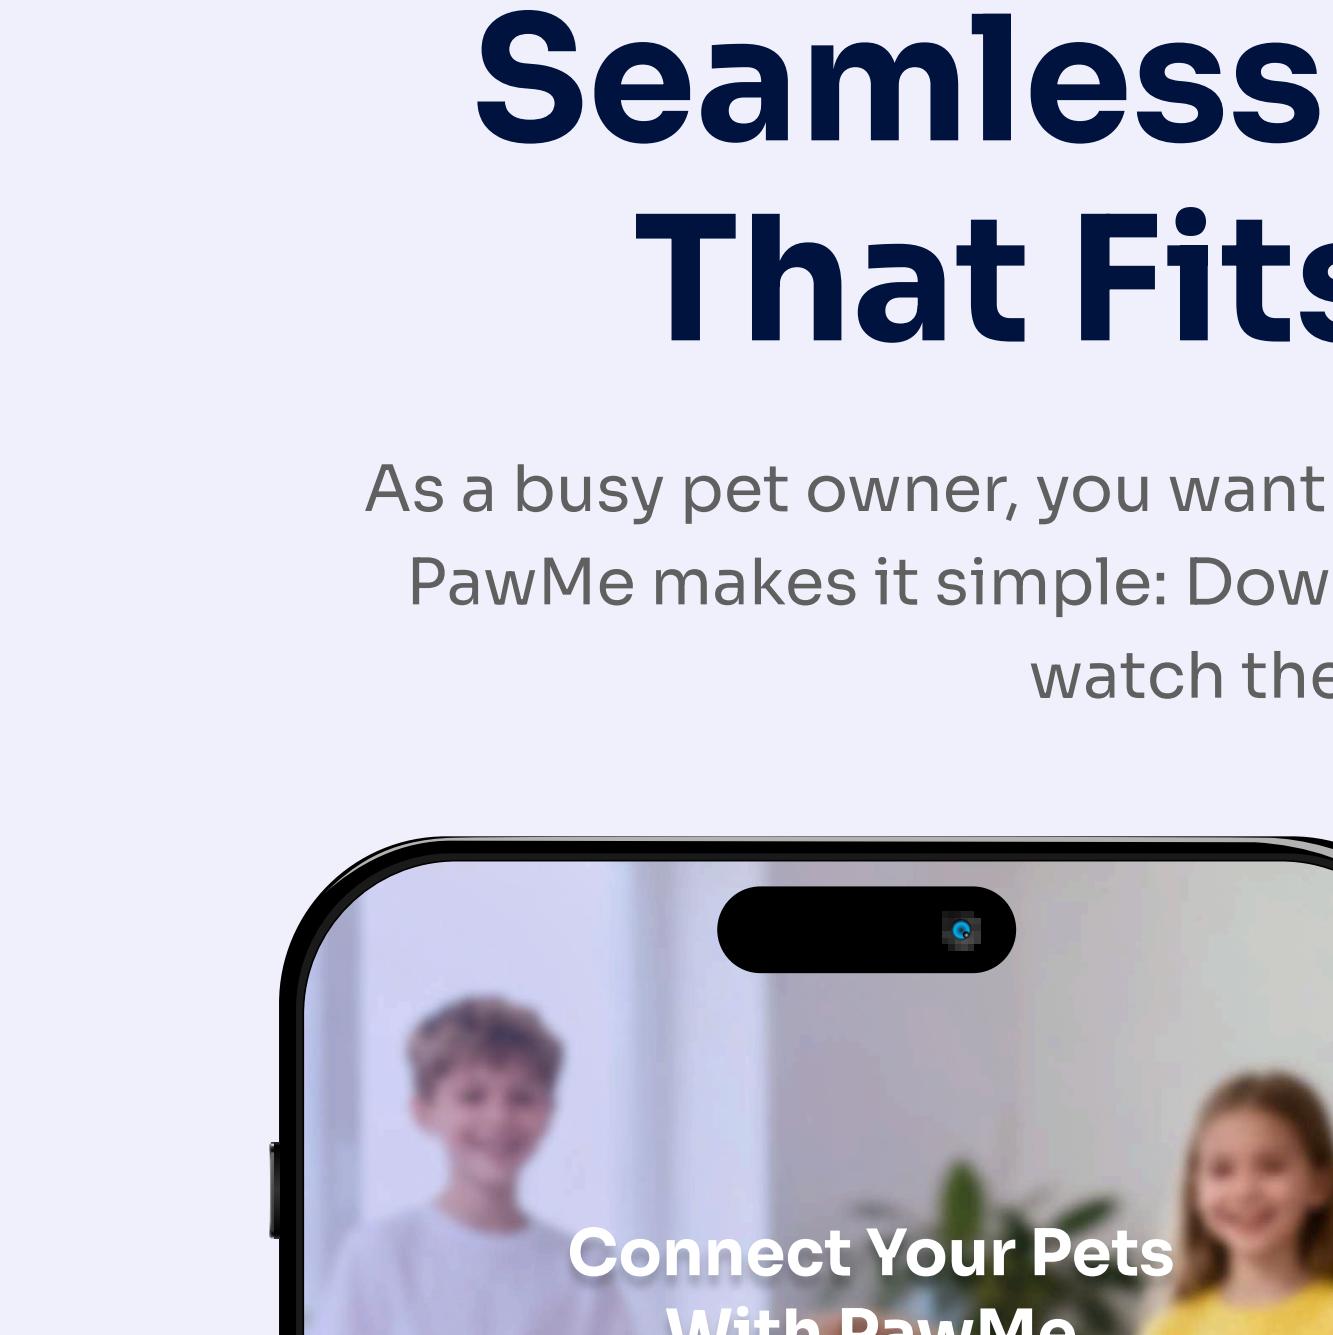

Automates meals and water for consistent routines and portion control.

Automatic treat dispensing

Dispenses treats to reward behavior and enhance training sessions.

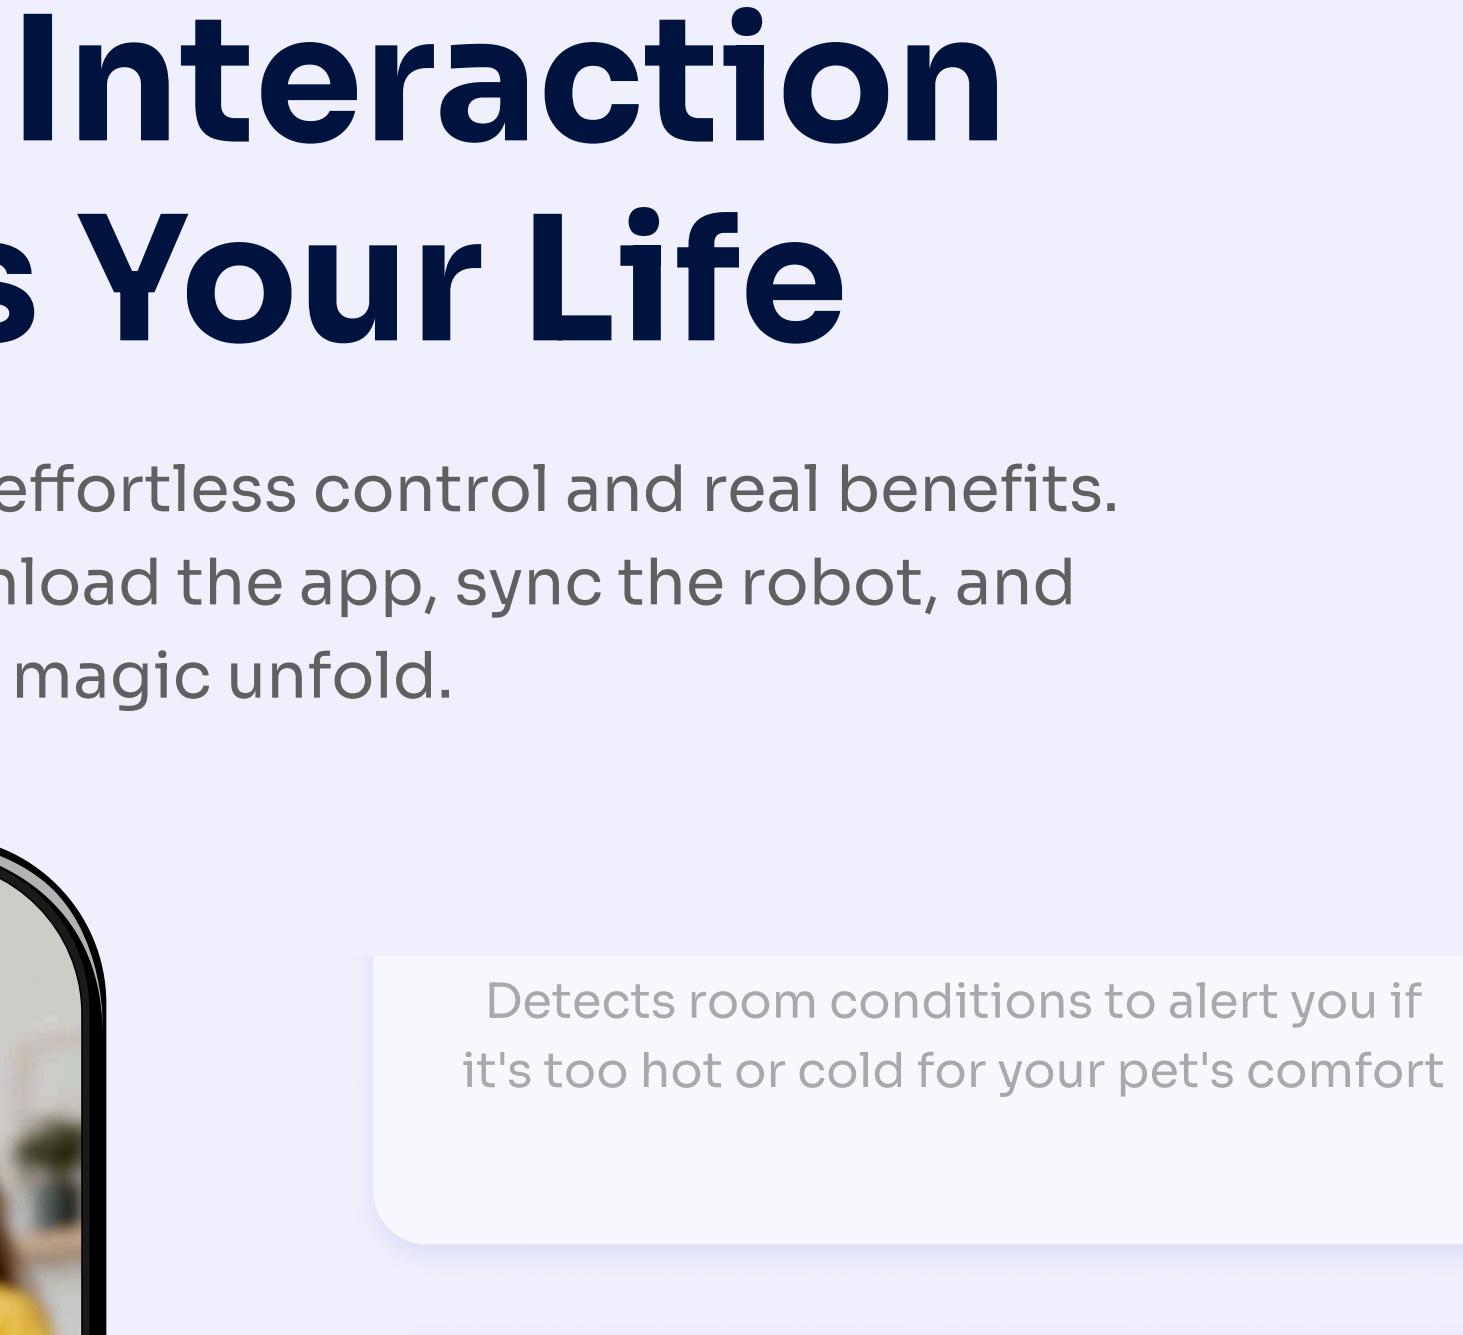

Interaction & Entertainment

Keep your pet engaged and calm remotely

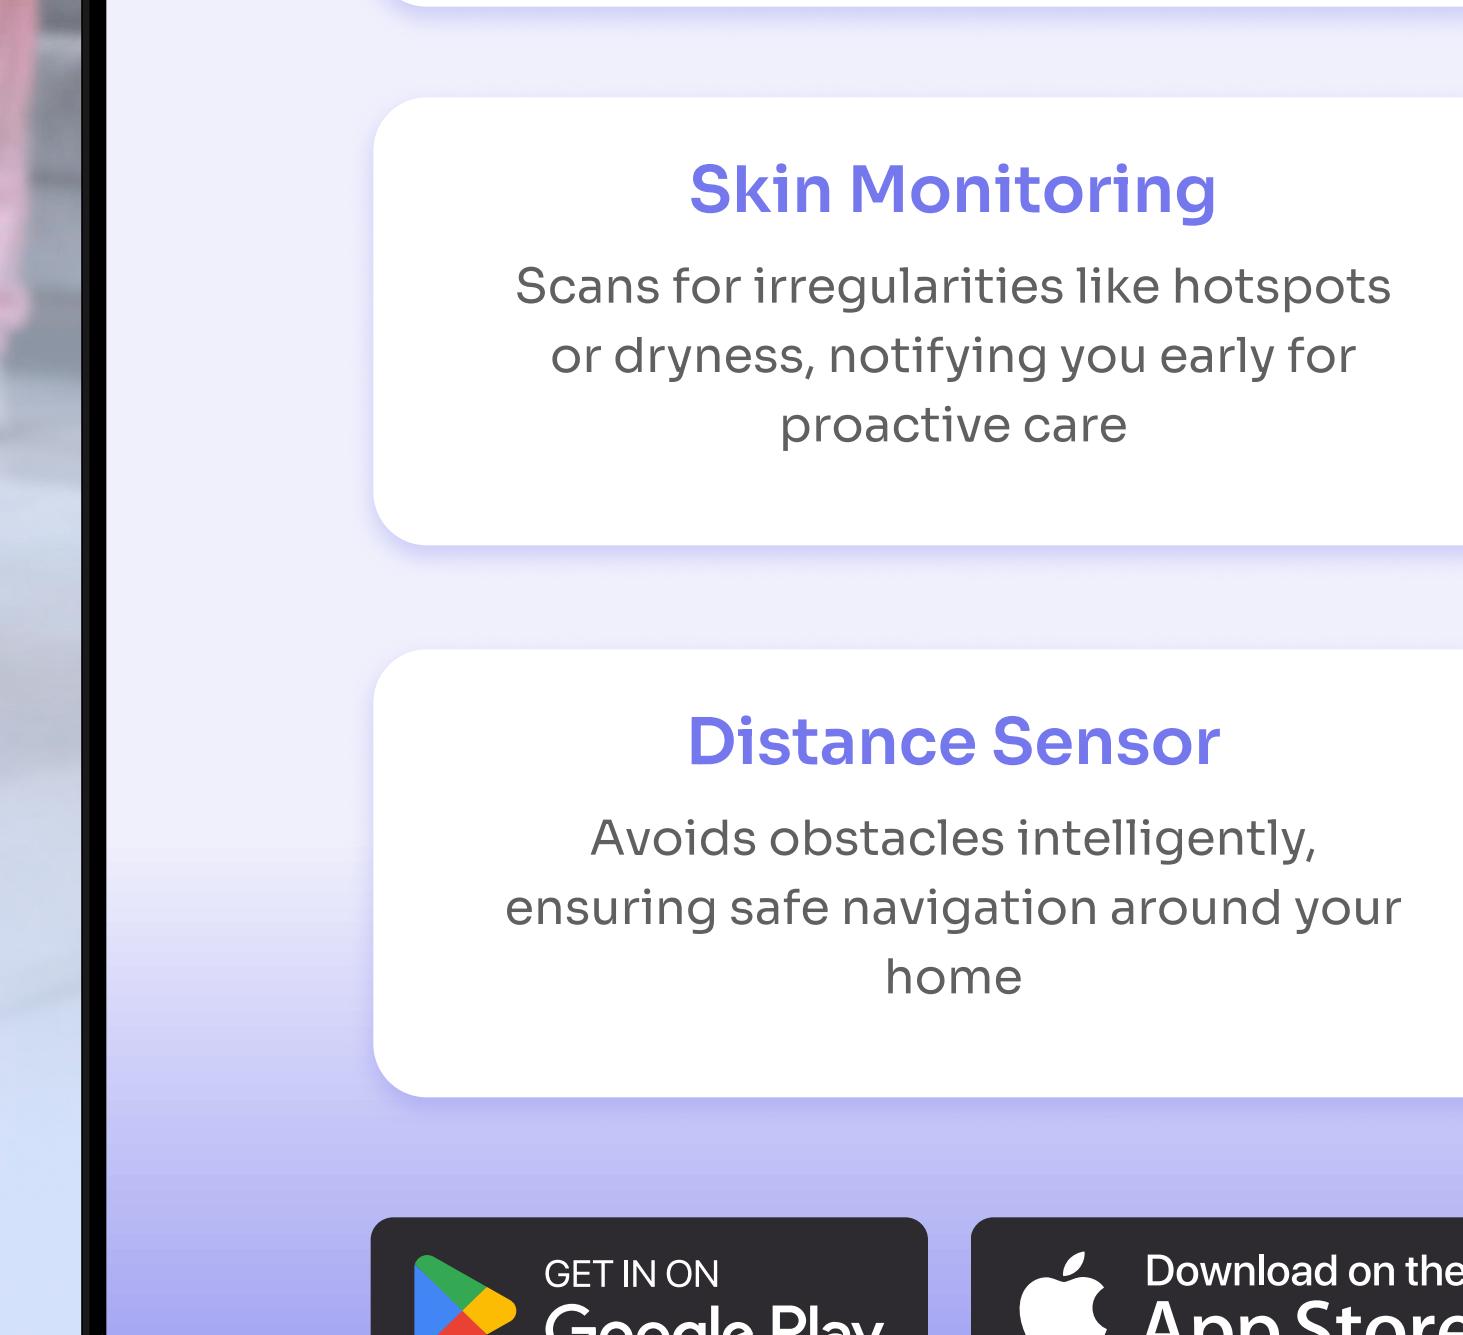

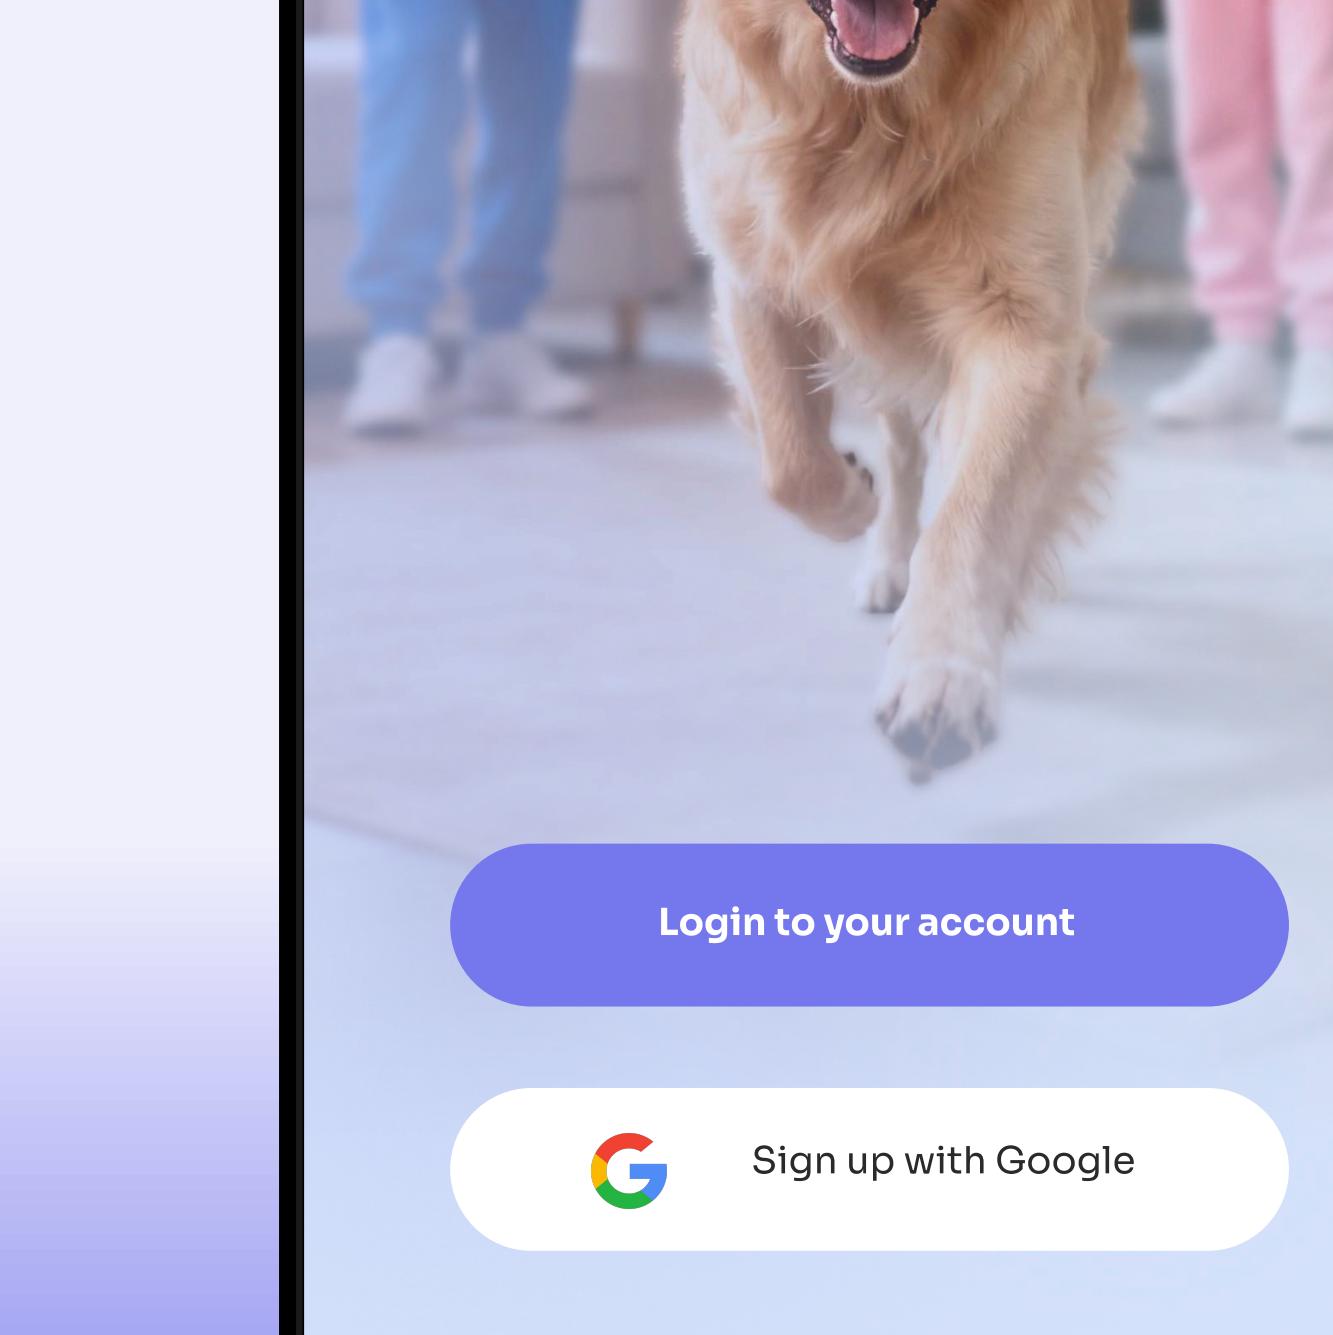

Laser play with customizable patterns

Stimulates prey drive with customizable laser patterns for fun and exercise.

Training modes and anxiety relaxation

Soothes anxiety and improves behavior with AI voice and training guidance.

Follow-me mode

Provides quiet companionship and safe exercise while reducing loneliness.

Voice commands

Interact remotely to comfort, direct, and bond with your pet.
